Sincerest condolences to the family. Saif Arnold was a humble, kind, and funny person. He gives the best advice but hardly listens to any that you may give him, he pretends to be a tough guy and strong enough to take over the world's problem, but he was just a big lovable guy that needs attention and love like any of us. Sleep in peace my dear friend, your time on earth was incomplete Your plans to visit Guyana and explore the vast Savannah's and mountains of the Rupununi didn't materialized. #your house by the mountains #want to be a cave man kinda thing. We all have this present moment, we have today, we don't know what to expect tomorrow, so it is important to always check in with our love ones and let them know that they are cared for. RIP Brian!
