I had the pleasure of working with my friend Ametia for several years. She was the kindest, most giving person I ever met. She would help anyone at any time. I will miss you my friend. Rest in Peace.

For the short time I met ametia I connected with her and quickly learned who she is and what we are now about to miss but never forgotten she is a ray of sunlight that allows us to find our way she is a woman that found purpose in putting a smile on your face every time I saw her even in her later state of health I saw her trying to fight and that is what I admire about ametia her tenacity unmatched and I will definitely miss you till we meet again j.walker
